COMPASS NEW GENERATION (J4U)

A C C E S S O R I E S H A N D B O O K & S H O W R O O M V I S I B I L I T Y P A C K

INTRODUCTION

NEW JEEP® COMPASS: Redefining adventure with distinctive design, legendary capability, versatility, and cutting-edge technology

THE MAIN PILLARS OF THE VEHICLE CAN BE RESUMED IN:

AUTHENTIC JEEP® DNA

Combines legendary off-road capability, rugged design, and everyday versatility.

ELECTRIFIED POWERTRAINS

Offers e-Hybrid, plug-in hybrid, and full electric (up to 650 km range, with 4WD option).

REFINED DESIGN & PLATFORM

Built on the STLA Medium platform, with iconic styling and improved space efficiency.

ENHANCED COMFORT & TECH

More legroom and storage, 16" infotainment system, OTA updates, and Level 2 autonomous driving.

FIRST EDITION LAUNCH

Available in e-Hybrid and BEV, with premium features like 20" wheels, LED matrix lights, and 360° protection.

ATTRACTIVE OFFER

Discover the New Jeep Compass — combining iconic design, advanced features, and uncompromising comfort, now available at competitive prices.

Recent studies confirm customers are interested in accessories if they can see them on the vehicles. Some highlights (GIPA 2023):

MORE THAN 50% OF DRIVERS

Are buying accessories at the same time of car purchase.

MORE THAN 60% OF DRIVERS

Didn't purchase accessories because they weren't visible in showrooms.

Accessories represent a sustainable source of profit for our network and for this reason Stellantis Parts & Services prepared a showroom accessories pack to be displayed on at least one vehicle for each Point of Sales (pos) during the launch phase.

SHOWROOM VISIBILITY PACK | MANAGEMENT

N E W J E E P . C O M P A S S

We kindly ask you to inform your network to book the orders into Parts & Services systems; this will give priority to the availability for dealers. The target of the showroom visibility pack is to have one pack on each point of sales to exploit as much as possible the upselling possibility for the customers.

WE ARE OFFERING TWO LEVEL OF ENGAGEMENT:

PROTECTION PACK:

Designed to protect the interior and organize charging essentials with a trunk tray and cable storage box.

PLUS PACK:

Optional for additional showroom vehicles (exc. demo), includes Protection Pack, and adds style and versatility with hood sticker, roof bars, and one carriage accessory (roof box, bike carrier, or ski carrier).

CONTENTS MANAGEMENT

The accessories packs will be managed as a standard accessory by dealer & Distrigo process.

LOGISTIC FLOW

The product is delivered by Parts & Services and not in the vehicle.

FINANCIAL FLOW

Standard accessories flow.

A close-up photograph of a Jeep's rear wheel. The wheel features a black and silver multi-spoke alloy design. A black tire pressure gauge is mounted on the center hub, with a red tool or handle extending from it. The tire is a Michelin brand, with the name visible on the sidewall. The vehicle's body is a vibrant lime green color, and the wheel is set against a dark, textured background.
